IMPORTANT: ENSURE PLAYERS DOUBLING UP IN 2+ TEAMS (SAME NIGHT) ARE AWARE OF RULE COME FINALS TIME
“Players can now participate in both teams from Semis onwards if they are in different grades. At any stage should games clash OR if all are played in 1 timeslot you need to be aware that you MUST play 1st half with one team & the 2nd half with the other team. The referee will have names of those players stipulated on the scorecard to ensure in this situation that only half a game with each team is played should both games clash. In the case of grades having been split EG: A/B Womens or Mens) & the 2 teams end up in the same grade, players MUST then choose which team they continue with through the final’s series, & that is the side they must stay with for the duration of finals. In the event of the team they chose getting knocked out then at no stage can they go back to play for the side they did not choose (in the rare case that the other team might continue further). NOTE: Should a player be sinbinned (can be up to 10min) OR sent off (auto 2weeks) in one of their sides they CANNOT leave to play in the 2nd team OR they will cause that 2nd team to receive an automatic FORFEIT (-3pts).
